## **EVS RECEIVES \$0.8 MILLION ORDER FROM A LARGE US TEXTILE MANUFACTURER**

**Caesarea, Israel, May 11, 2015** — **Elbit Vision Systems Ltd. (OTCBB: EVSNF.OB)**, a pioneer in the science of camera-based automatic vision inspection for textile and technical webs, announced today that it has received an order amounting to \$0.8 million from a leading US-based fabric, textile and composite material manufacturer.

**Sam Cohen, CEO of EVS, commented,** “We are very proud of this significant milestone order from our US operation. This order, consisting of multiple Shade Variation Analyzer (SVA) units, with IQ-TEX4 automatic inspection systems, represents an essential combination for manufacturers to compete in today’s high speed, quality critical textile environment. Not only does this order also highlight the recent upswing in sales for our core products, but it proves again that real business is about developing and cultivating true long-term win-win partnerships.”

**About Elbit Vision Systems Ltd. (EVS):** [www.evs.co.il](http://www.evs.co.il)

EVS offers a broad portfolio of automatic State-of-the-Art Visual Inspection Systems for both in-line and off-line applications, and process monitoring systems used to improve product quality, safety, and increase production efficiency. EVS' systems have become critical components for hundreds of leading, global fabric and web manufacturers who hold world-class quality as a top priority.
